

TNG and Homo/Sonic present

# SEIZURE

**Don't like "the usual" at Town? Neither do we.**

The management at Town Danceboutique recently agreed to let TNG throw a dance party at their venue. Boy, are they in for a surprise.

We will be filling the downstairs dance floor of Town with hard-edged rock, dance punk and retro, and all the boys, girls and transfolk who never before found Town to be their kind of space.

Town is just a building. Let's SEIZE it for a night and make it fun.
